January 8, 2009

Dr. Steve H. Murdock  
Director  
U.S. Census Bureau  
4600 Silver Hill Rd. Room 8H002  
Washington, DC 20233

Dear Dr. Murdock,

On behalf of the Steering Committee and the State Data Center program, I am pleased to offer support to the U.S. Census Bureau in its efforts to carry out a successful 2010 Census by becoming a 2010 Census partner. The State Data Centers are pleased to reaffirm their 30-year history of partnership with the U.S. Census Bureau.

Enclosed, you will find a signed 2010 Census Partnership Agreement form and a listing of various ways in which State Data Center agencies may be involved with efforts to promote the 2010 Census and to educate our constituencies about the importance of a complete and accurate count of the population. We will do all that we can to assist you in your promotional efforts for the 2010 Census.

The State Data Center program recognizes the importance of the 2010 Census and understands that the detailed data and information that comes from the census is of the utmost importance to the states and communities we serve. We appreciate having this opportunity to play a role in promoting the census and look forward to working in partnership with the Census Bureau.

Sincerely,

Dan Veroff, Chair  
On behalf of the State Data Center Steering Committee
